Camp Australia is supporting The Smith Family

A major part of Term 3 will be the raising of funds to support The Smith Family. This is an opportunity for the children to positively impact the lives of other children.

We are raising funds to support The Smith Family's Learning for Life program. We will be offering lucky dips to raise money to provide disadvantaged children with education essentials (e.g. books, bags, uniforms) and learning support.

Our not for profit organisation, the Camp Australia Foundation will proudly match every dollar raised. Please help us support the education of disadvantaged Australian children.

About The Camp Australia Foundation (tCAF)

tCAF is our not for profit organisation. The outside school hours care programs Camp Australia provides enables us to work with charity partners to develop exclusive programs to improve the lives of primary school children throughout Australia and internationally.

By 2025 we aim to positively impact the primary education experience of 1 Million Children. Thanks to the efforts of our team members Australia wide, in 2015 we raised \$65,000.

In Term 3, we will do this by co-ordinating our Back 2 School Fundraiser. tCAF will also support your efforts and dollar match the amount raised.

About The Smith Family

The Smith Family is a national charity that believes in the power of education to break the cycle of disadvantage. They support 15,205 primary school aged children, through their Learning for Life program. Children can commence on a scholarship in their first year of school and continue through to tertiary studies.

Learning for Life helps children gain the skills and behaviours needed to develop their potential. Support is provided in three main ways:

1. Families receive financial support to cover education essentials e.g. books, uniforms etc.
2. Working with families to overcome any barriers to school attendance and achievement.
3. Providing a range of programs such as literacy and numeracy programs, learning clubs and mentoring to help ensure the child stays engaged in school.

Thanks,
Frances and Team
