### OUR ENVIRONMENT/SUSTAINABILITY UPATE

*Educators have been encouraging the children to use the paper and cardboard in the recycling bins rather than automatically using new paper or cardboard.*

*Children and educators have worked together to sort out our paper and cardboard recycling bins and have moved any that can't be used into the school recycling bins.*

### CULTURAL & COMMUNITY UPDATE

*Children have been very generous in making book marks and friendship bracelets for the child in Bangladesh. Any cultural or community ideas for our program from the children or parents can be written in the ideas book located next to buddy bear.*

### REMINDER

*Please remember to fill in the permission form for any Extra Curricular Activities your child/children are attending during their time at Before or After School Care. The provider of the activity needs to be informed by you that they are required to pick up and return your child every time the activity is held. Also please make sure you are booking your children in on days that you want them to attend Camp Australia so we ensure that is a sufficient number of staff working.*
