This year the Women in Super Mother's Day Classic celebrates its 20<sup>th</sup> birthday and we would love to enter our own school team on Sunday 14 May for the *Women in Super Mother's Day Classic*, the fun way for family and friends to start a meaningful Mother's Day.

It's a great day for family to walk or run together and to raise much needed funds for breast cancer research. As a team we have then opportunity to win largest school team.

This year on Sunday, May 14 the Mother's Day Classic fun walk/run turns 20. As the major fundraiser for the National Breast Cancer Foundation, the MDC has contributed more than \$30 million to breast cancer research.

Registrations to take part in this national event that last year attracted more than 105,000 participants and raised \$3 million are now open. With a walk/run in every major capital city and over 70 regional areas, there is no excuse for missing out on the 20th anniversary of this family friendly event.

The last 20 years has seen more than 1 million participants walk or run 6.5 million kilometres; that's the equivalent of eight trips to the moon and back.

### Ways you can help:

- Put together a team - <http://www.mothersdayclassic.com.au/teams/about-teams/become-a-team-captain/>
- Fundraise - <http://www.mothersdayclassic.com.au/fundraise/about-fundraising/>
- Volunteer - <http://www.mothersdayclassic.com.au/volunteer/volunteer-now/volunteer-roles/>
- Start a local event - <http://www.mothersdayclassic.com.au/event-info/start-your-own-mdc-event/>

**Organised by:** Women in Super (WIS) is a national member organisation consisting of women working in the superannuation and related financial services industries. WIS cares about the health of women as well as their financial wellbeing and in 1998 established the Mother's Day Classic, an event which has become the single largest donor to the NBCF.

### Major sponsor:

**ME** is a different kind of bank. They believe every Australian should be able live the best life they can, which is why they've been the major sponsor of the Mother's Day Classic for over a decade. Check out the bank that's joined the fight against breast cancer at [mebank.com.au](http://mebank.com.au).

**NBCF:** The National Breast Cancer Foundation (NBCF) is the only national body that funds life-changing breast cancer research with money raised entirely by the Australian public. NBCF research has helped develop better therapies, greater understanding of possible ways to stop the spread of breast cancer to other areas, and improved quality of life for patients and their families. Since its establishment in 1994, NBCF has awarded more than \$140 million to around 470 Australian-based research projects to improve the health and well-being of those affected by breast cancer.
