**Celebrating the Chicken** The ever watchful hen has been a worldwide symbol of nurture and family. Their eggs hung in Egyptian temples to ensure a bountiful river flood and ancient Persians considered them sacred because they crowed before dawn. We will learn how to mix paint tonally in a fun chicken portrait and then create our own chicken character clay bowl!

**Asian Brush Painting** dates back to 4000 BC, with techniques being handed down from master to student. The subject was always Nature and the brush, ink and paper were treasured. The artist's state of mind was to be mirrored in each brushstroke. We will study brush technique to create our own bamboo ink painting. Afterwards we will mirror our lesson on a

**Frida's Face** Frida Kahlo was considered one of the most famous artists in Mexico because she overcame pain and terrible misfortune to do something she loved. We will produce a self portrait based on her style using bold colours and patterns. We will frame our portrait and create candy skull selfie props influenced by Mexican symbolism.
